THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Landaff, in the County of
[L. S.] *Grafton, in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Landaff on Tuesday, the 10th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see how much money the town will raise and appropriate toward the support of the Lisbon District Nursing Association.
4. To see how much money the town will raise and appropriate for the control of White Pine Blister Rust in Landaff.
5. To see if the town will vote to accept State Aid for highways and raise and appropriate money for the same.
6. To see what action the town will take in regard to snow removal on highways in Landaff and see how much money the town will raise and appropriate for the same.
7. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and thirty-one.

H. M. HEATH,
C. S. CHANDLER,
Selectmen of Landaff.

A true copy of Warrant—Attest:

H. M. HEATH,
C. S. CHANDLER,
Selectmen of Landaff.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Landaff:

The present school year began with two new teachers. Miss Greenwood and Miss Robinson accepted positions elsewhere. Miss Phyllis Jackson, of West Milan, was elected to the position at the Center School and Miss Mary McCaughey, of Nashua, at the Ireland school. Miss Maloney returned to the Blue school. These teachers are doing good work in their respective positions.

Standard Achievement tests, covering nearly all subjects, were given to all of the pupils near the close of the term last spring. The results compared favorably with those obtained in other schools in this union and elsewhere. The progress of the schools this year indicates that equally good is being done.

You had 63 pupils enrolled in your schools last year with an average attendance of 48.36. The percentage of attendance was 93.94, better than that for the previous year. This year you have 59 pupils enrolled with a present membership of 51. The attendance has been good.

In addition to the pupils in your own schools you have 10 pupils in Lisbon High School, one in Bath High School, and four in the elementary grades in Lisbon and Benton.

The Ireland School remains very small. The advisability of maintaining that school with a membership of eight pupils might be questioned.

The schools in your district are not very far apart. The total membership has been about 60 for several years. The population of your town will be fairly stable during the years of the immediate future. You might wisely consider some policy of consolidation or of organization that would result in better grouping of your grades. A teacher especially trained for primary work can accomplish more with three or four primary grades than she can in a one-room school with pupils in all grades. Some districts have combined three or four schools into one central school. Other districts have assigned all pupils in the first four grades, for example, to one school and all pupils in the upper grades to another. With the improvement of roads the transportation question involved in either of these plans should become more simple. The adoption of either plan would probably give your pupils better instruction and enable them to enter high school with better preparation.

The improvements made in the school buildings during the present school year have cost approximately \$370.00. The largest ex-

pense was the installation of the chemical toilets at the Blue School. These cost about \$250.00 and may be considered a permanent improvement. They add materially to the health or sanitary conditions of the school. I strongly urge the installation of similar equipment at the Center school during the coming year. The satisfactory results at the Blue school are a good recommendation for their desirability.

In addition to these improvements the foundation at the Ireland building was made solid, new steps were built, the ceiling at the Center school was painted, and the usual minor repairs made.

The balance in the school treasury at the close of the present school year will probably be about \$800.00. For the past two years you have raised for school purposes the sum of \$4,000.00. This sum seems to be the least that you should raise in order to assure the successful operation of your schools and make reasonable improvements in your school buildings.

Again, I thank you for the splendid co-operation I have received in all school affairs.

Respectfully submitted,

DANA S. JORDAN.
